2c When did the Designer **die**? (if dead) \_\_\_\_\_

2d **Where** was the Designer born? \_\_\_\_\_

2e What **Group** is the Designer part of? \_\_\_\_\_

[illegible]

Before you answer the next set of questions, make a drawing of your chosen design.

3a	<b>Client -</b>	who was the object designed for (commissioned by)?
<hr/>		
3b	<b>Function -</b>	what was the problem the designer had to solve?
<hr/>		
4a	<b>Materials -</b>	what is the design made from (main material metal/plastic/wood)?
<hr/>		
4b	<b>Production -</b>	how was it made (mass produced/hand crafted)?
<hr/>		
4c	<b>Market -</b>	what is the target group of the product (who will buy it)?
<hr/>		
4d	<b>Costs -</b>	what costs were involved with the product (to make / sells for)?
<hr/>		
5	<b>Life span -</b>	how long is the product expected to last (fashion/quality)?
<hr/>		
6a	<b>Looks -</b>	is the design visually attractive?
<hr/>		
6b	<b>Colour -</b>	how has the designer made use of colour?
<hr/>		
6c	<b>Texture -</b>	how has the designer made use of texture?
<hr/>		
7	<b>Evaluation-</b>	how well does the design work (function - does it work and look good)?
<hr/>		
		is the design safe and easy to use?
<hr/>		
		what do you like or dislike about the design?
<hr/>		
		do you feel that this design solution is successful?
<hr/>
