

# Non-uniform day to support St Andrews Hospice

# **What is St Andrew's hospice?**

St Andrew's Hospice is a place that cares for terminally ill patients to give them care and joy in their final days.

## Our non-uniform day

Our S6 elective pupils have organised a Non-uniform day for Strathaven Academy on Friday, 27th November.

Minimum £1 Donations are encouraged primarily through Parent Pay. However, if this isn't possible, we will be collecting money during tutor time on the day.

We would ask each pupil to try and wear something **purple** or **blue** to help show support for St Andrews Hospice. No football strips!!

# How can your money help?

The hospice need to raise £88,000 per week to keep the facility open and run their patience treatment, care & therapy

- £15 can pay for a patient's meals for a day
- £16 can pay for a 1 hour Complementary Therapy session for a patient
- £20 can pay for materials for our Children's Support Service
- £50 can pay for a counselling session for a patient, carer or family member

We hope we can raise as much money as possible for St Andrew's Hospice.
