

Return of Senior Phase pupils for practical subjects

Learners in the Senior Phase can return to the school building from Monday 22 February to undertake learning which cannot be facilitated remotely. The default is that learners should continue to work from home unless they require to use resources only available in school or to undertake essential practical work under the direction of a member of staff.

The timetable below indicates the provision in Strathaven Academy for the following subjects:

Administration, Art and Design, Computing Science, Cyber Security, Drama, Graphic Communication, Laboratory Skills, Metalwork, Music, Photography, Practical Cookery, Woodwork.

Teachers will post information in Google Classrooms to ensure pupils know which session/s they should attend. Pupils studying Art and Design, Drama, Music and Practical Cookery will attend in small groups every second week and these pupils will be informed through their Google Classroom when they are expected to attend. If your child is unable to attend their scheduled session, please contact the school office.

Adherence to Health and Safety guidance is essential for all pupils returning to school. Please make sure your child is aware of the following information:

- Pupils should only report to school a few minutes before their session is due to start, unless using school contract / public transport.
- Pupils should enter school by the side door (courtyard) for S5/6 and front door for S4.
- Pupils should move directly to the allocated classroom on entering the school and should maintain 2 metres distance at all times.

Wednesday	S5/6	9-12	E	Pr Cookery	N5	I Sinclair/L Grant	F040/F044
