

Strathaven Academy

Wider-Curricular Programme

2023-24

Our Programme

Strathaven Academy provides an excellent wider curricular programme with the aim of providing all learners with the opportunity to develop social, physical, mental and emotional wellbeing as well as developing new skills.

We have a culture of promoting leadership in all aspects of school life including Wider curriculum; often, older pupils lead younger pupils in various activities. This in turn gives our younger learners aspirations to become leaders themselves. Very often pupils' first experience of leadership is through clubs and trips and these skills will be improved and developed throughout their school career.

We hope you will take advantage of the many opportunities on offer and would love to hear of any other ideas you have to enhance our programme.
