

Strathaven Academy
Wider Curricular Programme
2025 – 26

Our Programme

Strathaven Academy provides an excellent wider curricular programme with the aim of providing all learners with the opportunity to develop social, physical, mental and emotional wellbeing as well as developing new skills.

We have a culture of promoting leadership in all aspects of school life including wider curricular; often, older pupils lead younger pupils in various activities. This in turn gives our younger learners aspirations to become leaders themselves. Pupils' first experience of leadership is very often through clubs and trips and these skills will be improved and developed throughout their school career.

We hope you will take advantage of the many opportunities on offer and would love to hear of any other ideas you have to enhance our programme.

Physical Education Department

Strathaven Academy
